SEASON SUMMARY:

First of all I would like to congratulate the boys and let them know how proud I am of all of them. After a tough start, we started to build our team together, with the majority of the boys playing AFL for the first time. Everybody trained hard and were eager to get out there and play footy, after several weeks we saw the boys grow and develop as a team.

I think we could all agree that each week our boys only got stronger as players but more importantly as a team. In the end, we came very close to making the finals, which is an amazing achievement that the boys should all be very proud of.

This was my first-time coaching AFL, a game that I have become very passionate about, and I would like to express my gratitude to not only the boys I had the pleasure in coaching but for all the parents who were very supportive and always willing to lend a hand. I was very fortunate to not only coach a great group of boys who were always respectful, eager to learn and more importantly give 100% week in and week out, but also to have a wonderful group of parents behind them. This not only helped, but made my experience as a coach one I will remember, with many friendships formed.

I would like to personally thank Terry who took over for a couple of months due to my surgery, it was wonderful to see how much the boys had thrived upon my return. Also, a shout out to James Goodes for lending a hand when he could, much appreciated.

I also would like to thank Jon for being an amazing manager and for his dedication to the team, with great communication again making my job so much easier. It takes an amazing number of hours of work to do it right, which he does week in and week out, thanks mate.

Paul and Andrew, thanks again for taking care of not only training while I was absent, but also for their guidance and support throughout the year. 2017 was a fantastic year of footy with a great bunch of boys, enjoy your break and I look forward to seeing you all again next year!
