2018

Back row: Martin Tolar (Coach), Jack Gardner, Lachlan Stewart, Ryley Fletcher, Harrison Tolar, Archie Maguire, Steve Coddington (Manager).
Front row: William Needham, Sam Coddington, Zane McDonald, Nate Coddington, Jonathon Torney, Noah Roberts.

PLAYER PROFILES:

Nathaniel Coddington

A tough tackling player who can always be relied upon to put his body on the line. Nate built upon last year to become a consistent contributor each week. Next year should see Nate continue to improve his game and make a valuable contribution to the team each week.

Samuel Coddington

Sam played his best football when up forward as a small crumbing goal sneak. His strong attacking instincts saw him score his fair share of goals throughout the year. Has the potential to become a very good contributor.

Ryley Fletcher

Ryley came to the team with limited exposure to Auskick but quickly showed his dominance with his physical presence, hard tackling and massive kick. Has the potential to become a true stay at home key forward. Ryley came third in our B&F awards and should be in the mix for representative selection next year.

U10 Patton

Jack "Frosty" Gardner

A first-year player that took the game by storm. A natural athlete whose dedication to training and trying to always improve saw him amongst our best players each week, earning Frosty second place in our B&F awards and receiving the Coaches' Award. Representative honours should result next year.

Zane McDonald

This was Zane's first year playing AFL football and he progressed in leaps and bounds in with his skills development. A courageous player who tackled his heart out, saw him become a strong contributor around the ground. Our Most Improved award winner and has the potential to become a very good small defender.

Archie Maguire

Archie continued to build upon his strong 2017 season. Always a dedicated trainer that resulted in seeing him to improve each week. A courageous player who could often be found at the bottom of packs winning the hard ball and assisting with clearances.

William Needham

A strong year from a natural footballer that finds plenty of the football, isn't afraid to put his head over the ball and has strong attacking instincts. A very good kick of the football that saw Will earn Greater Western Sydney representative honours and a first-place finish in our B&F awards.

Noah Roberts

Another first year AFL player that developed his football skills as the year progressed. Has a good turn of pace and the potential to be a great crumbing forward.

Lachlan Stewart

Another strong consistent performance from Lachie that resulted in Greater Western Sydney representative honours and a fourth-place finish in our B&F awards. Has all the hallmarks of becoming an excellent key defender.

Harrison Tolar

A solid year from Harrison who again was playing up in age. Confidence grew as the year progressed and the second half of the year saw an increased commitment to training resulting in improvements in his skill levels and contribution in games.

Jonathan Torney

This was Jonno's first year with the club. He was another player who played up an age group and as the season progressed he gained confidence in his first year of football. We should expect to see this growth continue next year.

Junseo Yang

Junsea joined the team with only three weeks in the season left. He made an immediate impact with strong hands, a good kick and an ability to lead and find space. A future in the forward line beckons.

Jack "Plugger" Goodwin J

ack had a strong start to the year providing us with a big target up forward. Unfortunately Plugger broke his leg in a non-football related incident only a few weeks into the year bringing his 2018 season to an end. We look forward to his return in 2019.
