SEASON SUMMARY:

Team Cameron started the season as a new team, with many players playing their first year of AFL footy.

A year of great memories for the kids, making new friends, while having fun and learning the skills of the game. Every player improved their skills greatly throughout the year.

We were very fortunate to not only have a great group of kids in the team, but also a wonderful group of families, always supportive and lending a hand at training and games when required.

We also learnt that that kids are not only wonderful little footballers, but also great dancers with some excellent post goal Fortnite celebrations!

Congratulations to Jack O'Brien who represented the club at the GWS representative gala weekend.

Special thanks to Rob Page, who put his hand up to be a goal umpire at each game throughout the year.
