<i>Most Improved</i>	<i>Kaleb Sleep</i>

### SEASON SUMMARY:

Round 1 came around quick with no chance to train due to bad weather, but right from the first bounce the boys show some real talent. Over the course of the season we trained on the basics and really pushed hard to build a tight group. It became very evident that these boys had passion for footy with them turning up Sunday mornings ready to play.

For my first year as the coach I couldn't have had a more supportive group of players and parents. We set some early goals as a team and by the end of the season I believe we achieved them comfortably.

Special thanks to Joel Bennett for his role as assistant coach and Louise as Manager.

Thanks to Peter, Tim, Trent for also putting your hands up when needed.
